WELCOME TO THE MAY 2026 EDITION OF THE WESTERN INTERSTATES NEWSLETTER!

This month's newsletter brings you the latest news, project updates, opportunities, upcoming maintenance and more. Stay informed on key developments across Western Interstates as we continue to deliver reliable service and explore growth opportunities in the western region.

NEWSLETTER CONTENTS

1. Team Member Spotlight
2. Recent News & Updates
3. Current Opportunities
4. Storage Update
5. MountainWest Pipeline April 2026 Fuel Charges
6. MountainWest System May 2026 Fuel Gas Reimbursement Percentage
7. April 2026 System Constraints
8. Upcoming Maintenance
9. Team Contacts

TEAM MEMBER SPOTLIGHT

Theeban Thavanandam - Business Development Rep III

Theeban joined the Western Interstates Commercial team on May 4. Prior to joining Business Development, Theeban held roles spanning Commercial Development, Corporate Development, and Treasury at Williams. Theeban holds a master's degree in finance from the University of Oklahoma and a bachelor's degree in finance from the University of Central Oklahoma.

Please join us in welcoming Theeban to the team!

Kelton Draper - Engineer I (Rotational)

Kelton will be joining the Western Interstates Commercial team on June 15. Kelton is in the Williams Rotational Program and will be starting his third and final rotation in the program. He graduated from the University of Oklahoma in 2024 with degrees in Chemical Engineering and Biochemistry. He has spent time on the Williams Tech Services team in the Piceance region and in Project

Engineering in our Houston office.

Please join us in welcoming Kelton to the team!

RECENT NEWS & UPDATES

Kelso-Beaver Pipeline Acquisition Closed May 1

Kelso-Beaver Pipeline acquisition closed and funded on May 1, 2026. Northwest Pipeline executed a Purchase and Sale Agreement (PSA) with KB Pipeline Ownership. Transportation Lateral Agreements for existing KB Lateral shippers executed and currently scheduling gas.

Wild Trail Project Clears Final Federal Milestone

Williams has received all the required authorizations for the Wild Trail project in Utah, including the Notice to Proceed (NTP) from the FERC. This approval marks the final step in the federal process. This milestone moves the project from planning into execution, which is expected to enhance reliability on the Northwest Pipeline system and support growing energy needs in the region.

Year-Long Rotational Employees Transitioning to Next Roles

As part of Williams' long-standing commitment to investing in the future, we are proud to support programs that develop the next generation of industry leaders. Our year-long rotational employees, Carson Smyth and Griffin Hathaway, will be concluding their time with the Western Interstates Commercial team in June as they move on to their next roles within the company. The Williams Rotational Program is designed to equip high potential individuals with the skills, experience, and broad business understanding needed to make meaningful contributions across our organization. By gaining exposure to multiple aspects of Williams' operations, the program helps build a strong pipeline of versatile, future leaders. We thank Carson and Griffin for their contributions to our team and wish them continued success as they take the next steps in their careers at Williams!

Joseph Hulse Promoted to Vice President of Western Interstates Commercial

Joseph Hulse, currently Director, Western Interstates Business & Commercial Development, has been promoted to Vice President, Western Interstates Commercial. Joseph will lead the Business Development, Commercial Development, Commercial Services and Transportation Services teams. Joseph joined Williams through the MountainWest acquisition and has a strong track record of commercial success. We're excited for what's to come for Western Interstates under Joseph's leadership.
